Trusted every day

Part of ASSA ABLOY

Access Kit

Turn your smartphone into your key. The intuitive Yale Access app lets you manage the access of your home remotely.*

*When used in conjunction with a Yale Connect Wi-Fi Bridge & Yale Access Module

Yale is trusted by millions of people every day to keep what's important to them safe.

Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world.

We were there for your grandparents (and probably theirs) and we'll be there for your children.

Today, and every day to come.

Yale

The Yale Access functionalities

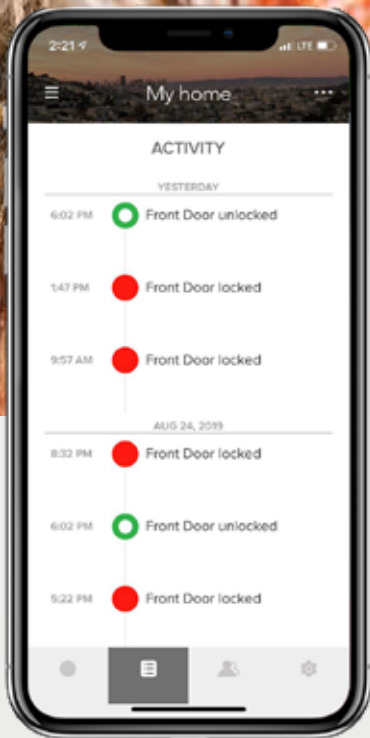

App control

Lock and unlock your door from your app, anywhere in the world.

DoorSense™ technology

The lock will check the status of the door and tells you if your door is securely closed and locked.

Activity monitoring

See who comes and when with the Activity Feed. Check who unlocked the door and if or when it was actually opened. Set-up alerts to notify when specific people arrive home.

Guest access

Grant unlimited digital keys valid for a few weeks, a few hours, or a few minutes. Never worry about lost or stolen keys again. (App access cannot be copied like a key)

Protection for the home, peace for the mind

**For your home. For the things you love.
For you.**

Yale offers you trusted everyday convenience and security for your entire home, through smart security products and easy to use Yale Access app.

We're here to help you protect the things that matter most.

Full control from the palm of your hand

Turn your smartphone or Apple Watch into your key. The intuitive Yale Access app for your Android or iOS device lets you manage the access of your home remotely.* You can share access with the people you trust, view activity, and receive notifications.

*Yale Connect Wi-Fi Bridge & Yale Access Module are required.

Installing is a breeze

The Yale Smart Lock installation is easy without any hassle. Now, your front door look smart and elegant.

Auto-lock and unlock as you come and go

For peace of mind, the auto-lock feature can automatically lock your door when you leave for the day, either immediately after closing or after a set amount of time via the Yale Access app. When you return home and walk up to your door, Auto-unlock will then unlock it again thanks to geo-fencing, so you don't need to fumble around with keys.

Grant entry from wherever you are with the Yale Access app

Remote access means you can let in family, friends and trusted visitors like the cleaner or the delivery driver – from anywhere – when Yale Smart Lock is paired with Yale Connect Wi-Fi Bridge. If someone forgets to lock when they leave, you can take care of it with the tap of a finger.

Safe and secure

Your security is our business. Yale Access account is protected by 2-factor authentication meaning that on top of your password, you will be required to verify your identity with either an email or phone number.

Our Yale Smart Lock uses Bluetooth Low Energy (BLE) technology encryption. On top of the security offered by Bluetooth, we use AES 128 and TLS encryption, commonly referred to as bank level security. If you lose your phone, you can disable your Yale Access app and all virtual keys at any time.

Everyday life made easier

Together with our trusted partners, Yale Smart Locks have the potential to open up a range of unique possibilities including in-home delivery, short term rental, and services like cleaning or babysitting – all of which will simplify our alreadytime pressured lives.

Yale Connect Wi-Fi Bridge

For voice assistant functionality and remote access and control of your lock.

Keep your home secure

Check if your door is locked from anywhere

Monitor access from anywhere

Always know who is coming and when

Control who has access

Let visitors in and out when you aren't home

Enable voice assistant

Yale Access Module

Turn your lock into a smart lock.

Manage lock settings

Manage your lock settings from your phone

Enables access from anywhere

The module allows smart lock to work with the Yale Connect Wi-Fi Bridge (for away from home access)

Control who has access

The module also makes short term rental and cleaning or house sitting more accessible for you
