

Yale history

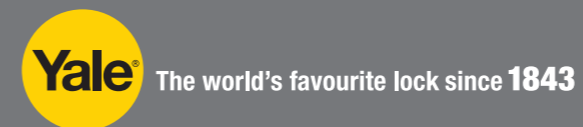

Yale is one of the oldest international brands in the world and one of the best-known names in the locking industry.

The Yale history captures major innovations that have marked the evolution not just of Yale, but of the entire locking industry.

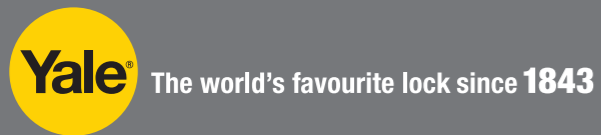

At Yale we've been looking after people's homes and their favourite things for over two hundred years. Yale has an international heritage with an unparalleled global reach and satisfied consumers in over 125 countries. Today, Yale is part of the ASSA ABLOY group.

Digital Door Viewers
